

2THICKNESS

2T stands for '2Thickness' and explore stationery products using the strength and tension of a 2mm thick brass metal plate.

The products are made of solid brass, a perfect material for your daily use. Brass is a metal composed of a copper and zinc alloy, which intensifies its color over time and use.

2T make unique products to be used for a long time, becoming more attractive the more you use them.

Handcrafted in Seoul by designer Lee Jun Hee.

**2T-05H**  
Brass, Stainless Steel  
30x200x25 mm

**2T-07H**  
Brass, Stainless Steel
